FOSTERING POSITIVE FINANCIAL RESULTS IN FIRST HALF OF 2017

Thanks to the loyal support of Namibia as a whole, NBL is proud to have achieved a great first half of our 2017 financial year (F17). Despite a strained local economy, challenges in export markets and declining consumer spend for the half year ended 31 December 2016, Namibian, South African and export volumes increased by 1.1%, 33.1% and 7.3% respectively. Proud to be a stronghold in the Namibian economy in these tough economic times and push the future success of our nation no matter what the circumstances.

DRINKIQ UPDATE

As part of Namibia Breweries Limited's (NBL) dedicated promotion of responsible drinking, we can report that during the past 8 months, 617 Namibians from both in and outside the O&L Group participated in NBL's DRINKIQ Training Program designed to enrich participants' knowledge on the mental, psychological and physical risks involved when abusing alcohol.
